## Proposition 50 California River Parkway Grant Program

### THE CALIFORNIA RIVER PARKWAYS GRANT PROGRAM GUIDELINES AND APPLICATION:

The Proposition 50 California River Parkway Grant Program in the Resources Agency is a competitive grant program for river parkways projects. Eligible projects must provide public access or be a component of a larger parkway plan that provides public access. In addition, projects must meet two of the following conditions:

- Provide compatible recreational opportunities including trails for strolling, hiking, bicycling, and equestrian uses along rivers and streams.
- Protect, improve, or restore riverine or riparian habitat, including benefits to wildlife habitat and water quality.
- Maintain or restore the open-space character of lands along rivers and streams so that they are compatible with periodic flooding as part of a flood management plan or project.
- Convert existing developed riverfront land into uses consistent with river parkways.
- Provide facilities to support or interpret river or stream restoration or other conservation activities.

**Technical Workshops will be held in Sacramento on August 15 and Anaheim on August 16. Click [here](#) for more details:**

<b>Sacramento</b>	<b>Anaheim</b>
